The most disastrous wreck to a passenger train which has ever happened on the Cincinnati Division of the Chesapeake and Ohio Railway, occurred yesterday afternoon at Lawrence creek, six miles west of Maysville.

The "Fast Flying Virginian," the C. and O.'s passenger train No. 2, which left Cincinnati at 12:01 p. m., due at Maysville at 1:36, while crossing Lawrence creek, had the rear car, an elegant model observation coach and sleeper combined, wrecked by the buckling of a rail.

The train had passed safely over the Lawrence creek bridge, all but the rear observation car, when the car struck the bent rail, jumped the track, ran for a short distance over the ties, and just as it passed over the bridge it whirled rapidly over on the South side of the road, was jerked from the other part of the train, turned over twice, and with its precious contents of 22 human lives, landed a mass of broken glass, iron and timber upside down at the bottom of a thirty-foot embankment.

Engineer Chalkley of Covington was in charge of the engine pulling the train and Conductor Fish, who state that as the train

cleared the Lawrence creek bridge, they experienced a violent jerk to the train, and Chalkley quickly reversed the lever and threw on the airbrakes, stopping the train within a few hundred feet of the wreck. The train was backed at once and the hundred or more passengers and train crew rushed to the assistance of the bleeding and mangled victims.

It was the work of only a few minutes for the eager helpers to pull the occupants of the car from the wreck. Mattresses and bed-clothing were wrenched from debris, litters improvised from doors etc., and the dying and horribly injured men and women were cared for as best they could and every thing done to relieve their suffering.

News of the wreck reached Maysville at 1:45, twenty-minutes afterward, the following Maysville physicians boarded an engine and speeded to the scene:

Dr. John A. Reed, Chief C. and O. surgeon at Maysville; Dr. H. K. Adamson, Dr. S. R. Harover, Dr. P. G. Smoot, Dr. L. Brand, Dr. A. G. Browning, Dr. J. B. Taulbee, Dr. J. H. Samuel; also Messrs. Thomas A. Davis and Harry C. Curran.

Every available physician at Augusta also rushed to Lawrence creek.

The dozen or more physicians and scores of others present from the uninjured portion of the train, soon dressed the mangled bodies of the victims and placed them on the train and brought them to Maysville, where the following wounded were carried into the St. Charles Hotel.

Mrs. Lawrence W. Halsey, wife of Circuit Judge Halsey of Milwaukee, en route to Jamestown, died just as she was lifted from the train to the hotel. Her injuries were shocking. She was crushed in the head and scalp laid open to the brain and a jagged piece of plate glass removed from her skull. She was mangled in nearly portion of her body and her clothing was a mass of broken pieces of mirror, plate glass, slag, etc. She was a large woman, aged about 55, and never regained consciousness.

Judge Halsey, her husband, was cut and terribly injured and may recover. He was told of his wife's death a few minutes after she was placed in an adjoining room.

Mrs. Kato Trimble De Roode Woolsey, a well known society woman of Covington, was seriously and perhaps fatally injured on the limbs, head and body. She only recently returned from a 35,000 mile trip abroad and was en route to Europe when the accident happened. Her purse containing her railway tickets was recovered and given back to her, but it is reported that \$100 in the purse was missing.

D. P. Davis of Cincinnati, Superintendent of Mail Contracts on C. and O. and Big Four Railways, compound fracture of leg and otherwise injured about head.

Mrs. Madeline Lazarre, St. Louis, Mo., injured internally, both legs and arm broken, and terribly bruised. She is the wife of a Knight

The Fleming County Grand Jury returned but five indictments at its last sitting. The Gazette says an investigation of the C. F. and S. E. wreck was made, but no indictment was returned. The only grounds on which it could be indicted would be manslaughter or for maintaining a nuisance, as there is no statute in this state regarding criminal negligence, if such a charge along this line could be made.

Court of Appeals Hands Out a Hot One to Louisville Gang of Democratic Grafters and Ballot Box Stuffers

Court Holds That All City and County Officials Were Fraudulently Elected and Must Step Down and Out

In reporting the decision of the Court of Appeals in the contested election cases from Louisville and Jefferson county, handed down by the Court yesterday, the Courier-Journal scooped its rivals, "saw it first," and made a hit. The report follows—

The six sitting Judges of the Court of Appeals have voted, four to two, to reverse the decision of Judges Kirby and Miller, of the Jefferson Circuit Court, in the contest of the Fusionists to oust the Democratic officeholders of the city of Louisville and Jefferson county, who were declared to have been elected in the election of 1905.

The Appellate Judges voting to set aside the election of 1905, are Lussing, O'Rear, Berker and Settle. The Judges voting to affirm the decision of Judges Miller and Kirby are Hobson and Nunn.

The two dissenting Judges, Hobson and Nunn, will not head down a dissenting opinion. Therefore, as its face, the decision of the Appellate Court will appear to have been reached unanimously, whereas the vote was four to two.

While some circumstance may cause a further delay, it is believed that the opinion of the court will be handed down by Judge Lussing at the session today. Whether or not the opinion is handed down today, the fact remains that the court stands four to two for reversal, and has so voted.

The effect of the decision will be to remove from office the following Democratic officials of the city of Louisville and Jefferson county:

Mayor—Paul C. Barth.
City Treasurer—E. T. Schmitt.
City Auditor—L. L. Herndon.
City Tax Receiver—Thomas A. Shelly.
City Court Judge—John McCann (deceased).
City Clerk—A. V. Oldham.
Balliff—William Boelter.
City Prosecuting Attorney—Robert J. Hagan.

Sheriff—Henry A. Bell.
County Assessor—John M. Adams.
Coroner—Dr. Harris Kelly.
Jailer—John R. Pfanz.
County Judge—Charles A. Wilson.
County Clerk—W. J. Semonin.
County Attorney—Robert W. Bingham.
County Surveyor—Robert Young.
Perk Commissioner—John B. Castleman.
Board of Aldermen.
Board of Councilmen.

The Democratic officials have thirty juridical days in which to enter a motion for a rehearing. The thirty juridical days, with the intervening four or five Sundays, would leave about thirty-five days of tenure in office for the present officials.

The case being decided against the Democrats, the chief interest henceforth will center in the question as to whether Gov. Beckham, by appointment, will fill all of the vacancies, and, if so, as to whom he will appoint; or whether former Mayor Grainger and the other city and county officeholders during his administration will return to the offices which they held until 1906. There are distinguished lawyers who differ in their opinions on this question of succession.

Another question of great interest will arise over the nomination of a Democratic ticket and a Fusion or Republican ticket to fill the vacated offices at the November election for the remaining two years of the regular four-year term.

SHORT TALKS BY L. T. COOPER.

'SPRING' AILMENTS.

A man and a house need the same thing in spring—a good cleaning out. A certain amount of impurities have gathered in both during the winter.

(MR. L. T. COOPER.)

I am no authority for house cleaning. So far as the man is concerned, Cooper's New Discovery taken for two weeks will bring the desired result. It will positively do these three things—clean out the stomach and bowels, tone up the system generally, and bring back the snap to body and mind that now seem dull and worn out.

Try it and see if you won't be as pleased as Mr. Hull, whose letter I quote below:
"I suffered a general breaking down of the system. Had no appetite, poor digestion and was constipated. I lost ambition and took no interest in anything. Nothing I could do seemed to give me relief until upon a friend's advice I began to use Cooper's New Discovery. It helped me from the start. Now I am able to do as much work as the next one and I enjoy it. I have a hearty appetite and am stronger and better every way. Your New Discovery medicine is certainly the best tonic and system builder I have ever known." A. W. Hull, 142 Porter St., Detroit, Mich.

These are the famous medicines with which Mr. Cooper recently created such a stir in Chicago. His demonstrations there attracted wide attention. We are agents.

The miraculous escape of baby Marguerite Mayo, daughter of Hon. John C. C. Mayo of Plantsville, is the most gratifying feature of the wreck. The child was sitting in the lap of Mrs. Burke, her attendant, when the car went over and went through the ordeal with only a few scratches; Mrs. Burke was not so fortunate and had a large splinter to penetrate her shoulder and was otherwise hurt. Mrs. Mayo remained in a hospital at Cincinnati and thus escaped the accident. She went up on No. 4 last night and was informed by Dr. Harover of her child's escape.

Attorneys B. F. Graziani and G. Frank Beugner of Covington en route to Flemingsburg, were on the front part of the train as were many other prominent people.

Mrs. Anna Morgan Hunter of Louisville, formerly of Mayville, en route to Jamestown, was also a passenger.

Conductor J. Ed. Holden of Cincinnati, in charge of the "Contra Costa," the wrecked Pullman coach, was in another part of the train and was not hurt.

Every occupant of the Pullman, 22 in number, was injured, more or less. That any one escaped death is the strangest part of it.

The "Contra Costa" was a combination observation car, and was known as the "Richmond sleeper."

The accident seems to have been absolutely unforeseen and unavoidable on the part of the company and train officials.

The train was on time and was going at the usual high speed of 48 miles an hour when the last car was wrenched from the track to the hollow below. There may have been a sudden break in some part of the Pullman which threw it off. But the most popular theory of the cause of the wreck is that the friction of the heavy and fast moving train upon the rails caused one rail to buckle at the joint, and suddenly hump for several inches, thus derailing the last coach. These are only surmises, as it is utterly impossible to tell the exact cause of the trouble.

It is understood that the death of Mrs. Halsey marks the first fatality to a passenger in a passenger wreck on the Cincinnati Division of the C. and O. since the road was finished in 1888. An unparalleled circumstance in rail-roading.

The impact of the heavy coach wheels on the wooden ties severed them like paper. The accident was an uncommon one and proves that heavier rails must essentially keep pace with the rapidly increasing weight of engines and rolling stock.

Much credit and praise is due the physicians of Mayville and all others who rendered such prompt, efficient and noble aid to the dying and mangled victims.

Mr. and Mrs. Colter threw the St. Charles Hotel open to the seven persons taken there, and Mrs. Coulter, assisted by scores of Mayville's good women and men, did everything that could be done to relieve the suffering of the mangled passengers.

As in all such accidents, the company renders every co-operation to care for the injured, and this was done yesterday.

All kinds of rumors are rife as to the cause of the accident; and one hears the report that wreckers had removed the spikes holding the rail, etc., etc. But the true cause is about as stated above—a "buckled" steel rail.

The accident happened at the junction of the Dover and Mayville sections—No. 16 and 17, and in a half hour afterward, both sections

crews were on the scene and the broken or bent rail was soon replaced by a new one.

Passenger traffic was not delayed by the accident.

It is further learned that little Marguerite Mayo was buried beneath a mass of debris and was covered with mud, but unhurt.

George T. McCarney, formerly one of Paris's prominent business men, died Tuesday, aged 62.

A fire at Ashland, which destroyed the big grocery store of Pollock & Rice, worth \$10,000, is believed to have been the work of an incendiary.

At a special meeting of the stockholders of the Chesapeake and Ohio Railway in Richmond, Va., Tuesday, the only business transacted was to authorize formally the consolidation of the branch lines in Kentucky with the parent road.

Doan's Kidney Pills will work the cure. They're for the kidneys only—Have made great cures in Maysville.

M. C. Chisholm, Constable in District No. 2, living at 343 East Second street, Maysville, Ky., says:

"Doan's Kidney Pills positively cured me of kidney trouble and I do not hesitate to give them the strongest kind of recommendation. I had been troubled with too frequent action of the kidney secretions and it disturbed my rest nights. Having my attention called to Doan's Kidney Pills I procured them and noticed an improvement in my condition from the start. My trouble was soon entirely cured. This was some five years ago, and I have had no return of it since. Anyone suffering from difficulties arising from disordered kidneys can make no mistake by using Doan's Kidney Pills."
